-  Raising Quality Kids Q & A
When we are in the thick of raising our kids, we have questions... How do you teach them your values? How do you teach them to work? How do you guide them through difficulties that come with friendships? What do you do with all the modern technology available to kids? Most importantly, how do you teach them to follow Jesus on their own when they are grown? Come: ask your questions and learn from our panel of modern and experienced moms.
-  Homemaking Wisdom
Have we lost the inspired values that give those living in our homes meaning, wellbeing, and joyfulness? Let's open the topic, our hearts, our homes to wisdom's light.
-  The Elijah Therapy
During the COVID pandemic, about 4 – 10 adults in the U.S. reported symptoms of anxiety or depressive disorder – up from 1 in 10 adults the previous year. Though daunting, we need not despair! Through the story of Elijah, we learn that God has a remedy for depression! The Elijah Therapy is sure to uplift your spirit and guard your heart and mind against the chains of depression!
