#### School Assistance Matching Funds Policy

*The Conference Executive Committee has voted to provide a matching grant for every school at \$300 per student based upon the opening enrollment as reported to the North American Division's Office of Education. Each school must raise the \$300 match for each student through private donations or fundraising activities. Regular school and church budget and any worthy student monies are not to be counted toward the matching criteria. The Conference will send a one-time-payment once the funds have been fully matched by the school. The school principal should contact Melissa Morris if the school is unable to raise the full matching funds this school year.*
